

Avondale Springs Community HOA

Hello Avondale Springs Community Homeowners

The Pool Committee has continued working to get prepared for the 2024 Pool Season

Pool season starts Friday May 31th – Saturday Aug 31nd Pool Hours are; Tues, Weds, Fri and Saturday 12-8pm.

We'd like our homeowners and their guests to have an enjoyable season this year.

The process for accessing the pool will include eligible residents registering you and your household members to receive an e-pass on their phones . Our expectation is to have a security attendant greet pool users at the front gate to scan your pass for entrance. Each homeowner and or guests will need to register for entrance by going to the following site <https://swimmingpoolpasses.net/avondale-springs/>

You should register before coming to the pool with e-pass ready to scan.

Please make sure you [read the pool policy /rules in it's entirety](#) before submitting the application.

Once submitted you will receive an email with information about your approval as well as an E-pass for entrance to the pool.

Present your E-Pass to the security attendant to be scanned for entrance. Each time you enter you will need to scan your pass. Once again you and your guests will need to scan each day you decide to access the pool.

Each household will have access to 15 free guest passes for the season. After using these you will be able to purchase a guest pass for \$5.00 per pass at registration. The security attendant will not be collecting money.

The Avondale Springs HOA wants everyone to enjoy their pool experience so it's important that we receive full cooperation from the community to avoid a shut down.

We're also offering special events on Sunday's during this season for eligible homeowner households. For more information contact avondalespringshoa123@gmail.com for specific details. Put " **Sunday Event**" in the header of your e-mail.

Questions/Concerns?? email avondalespringshoa123@gmail.com

Thank you for being an Avondale Springs Homeowner
