

Silverleaf Community Association

2021 Pool Guidelines & Pass Information

***Pool pass forms must be submitted to <https://swimmingpoolpasses.net/silverleaf/>. Passes cannot be obtained at the pool. All association dues must be current and in good standing to receive pool passes for pool access.

POOL PASSES

- ☐ Pool passes **must** be presented and scanned upon entering the pool area. Pool admittance will not be granted without a pass.
- ☐ Resident Passes
 - All residents will be given a member card that will be scanned upon entry. Homeowners with a delinquent account will be flagged and entry will be denied until delinquencies are current.
 - Children who are between the ages of 14-17 (who have passed the swim test) are welcome to use the pool unattended.
 - Children who are between the ages of 14-17 (who have not taken the swim test) must be accompanied by a parent or responsible adult.
 - Children accompanied by an adult other than a parent, must have written permission from a parent delegating responsibility to a specific individual dated for that specific day and this **must** be provided to the lifeguard.
 - Children who are under the age of 14 **must** be accompanied by a parent or responsible adult (over the age of 18 years old) *at all times*.
- ☐ Guest Passes
 - Each household is entitled to **five (5)** free guest passes for **2021**. When you have depleted your 5 free passes, additional passes are \$1.00 (only available in 5/pack bundles for \$5.00) and are valid for **(1) guest per day** only and must be purchased online. Guest passes are non-refundable.
CASH AT THE GATE WILL NOT BE ACCEPTED.
 - Purchased guest passes will be emailed to you with a QR Code to have lifeguard scan.
 - Free guest passes are automatically loaded to your card & the lifeguard will adjust per use.
- ☐ Replacement Passes
 - Replacement Passes may be requested at [www.swimmingpoolpasses.net/silverleaf/](https://swimmingpoolpasses.net/silverleaf/). There is a \$25.00 fee for each replacement pass. Please allow 10 business days for processing.

GUEST SIGN-IN POLICY

ALL guests must be accompanied by a resident at all times. Guests under the age of 18 years old will not be permitted into the pool accompanied by a minor.

Swim Tests

The lifeguard may ask any patron to perform a swim test if the guard is questionable about the patron's swimming ability. Swim tests should also be performed before using the deep end for the first time.

The lifeguards will use the standard swim test below:

- ☐ Swim one width of the pool
- ☐ Tread water for 1 minute without touching the bottom (tested in the 5' area by the wall for safety reasons)

Children 14 through 17 years old **MUST** perform and pass a swim test before they will be allowed to attend the pool without a parent or guardian.

Life Jackets

It is strongly recommended that all children who wear flotation devices wear only Coast Guard Approved Lifejackets.

Liability inside the Facility Fence

The lifeguard staff is responsible for enforcing pool rules and safety standards and responding to all emergency situations inside of the facility. All areas outside are not the primary responsibility of the pool management vendor. The staff are trained as First Responders and will respond to emergency situations inside of the facility when needed. Responding to these situations will require the pool to be cleared of swimmers until appropriate coverage can be provided.

Incident Discipline Reports

Lifeguards have the authority to discipline patrons to ensure all safety standards and pool rules are enforced. Lifeguards may suspend a patron from the pool for the remainder of the day on which the incident occurred. The procedure for discipline is as follows:

- ☐ 1st offense - Give verbal warning
- ☐ 2nd offense - Sit offender out for 30 minutes
- ☐ 3rd offense - Expel offender from pool for remainder of day

- ☐ 4th Offense (upon returning to pool) - out of the pool for a week (if violator is under 18 years of age the Association Board and parents must be notified.)

***Further violations could result in suspension of pool membership for remainder of season.

Lighting and Thunder

The pool staff shall, at the first sound of thunder or sign of lightning, clear patrons from swimming pool & deck. Swimming pools are connected to underground piping, wiring, cables, deck grating, overhead metal building structures, fencing, & lighting, which attract lightning. Therefore, all patrons must exit the fenced pool area. Patrons must stay out of the water and off deck for (30) minutes after the last thunderclap or bolt of lightning. Lifeguards are to ENFORCE this policy consistently & without EXCEPTION. SAFETY FIRST!

Lifeguard Staff Procedures

Before storm:

If a storm is approaching: the pool staff will lay the lounge chair backs flat and place umbrellas in the pump room or bathrooms. They will put anything that could blow into the pool into the pump room or bathroom. (Example: plastic trash cans)

During storm:

All pool staff is required to stay at the facility until otherwise instructed by a supervisor. Staff is encouraged to seek shelter in the bathrooms, guard room, or clubhouse if the storm is severe.

After storm:

The morning after a severe storm, the staff may come in early if the pool needs extra cleaning from debris due to the storm.

Vomit and Fecal Incidents

The pool staff follows a specific procedure for vomit and fecal incidents in the swimming pool.

In cases of solid fecal discharge or vomit:

- ☐ The pool will be cleared of all swimmers
- ☐ The fecal material will be removed using a net or scoop
- ☐ The affected area of the pool will “shocked” with either liquid or granular chlorine

- ☐ The swimming pool will remain closed for 30 minutes, in order for the chlorine to circulate throughout the pool and complete the disinfection process

In cases of loose stool (diarrhea):

- ☐ The pool will be cleared of all swimmers
- ☐ The fecal material will be removed as much as possible using a net or scoop
- ☐ The entire pool will “shocked” with either liquid or granular chlorine
- ☐ The swimming pool will remain closed for at least one complete turnover (period of time required to circulate a volume of water equal to pool capacity), in order for the chlorine to circulate throughout the pool and complete the disinfection process

Chemical Readings

The pool water chemistry is checked each hour. These readings are posted on a “Chemical Reading Board” at the front gate or on the sign-in table as well as recorded in the blue book.

Baby/Wading Pool Responsibilities and Liabilities

The wading pool shall only be used by children forty-eight inches (48”) in height or less. Taller children will be asked to leave the area. Lifeguards will enforce this through the season.

- ☐ All children must be accompanied by an adult at all times.
- ☐ The supervision and safeguarding of the wading pool shall be the responsibility of the parent and/or guardian.
- ☐ Lifeguards will respond to accidents and injuries that occur in this area, once brought to their attention.
- ☐ Baby/Wading pool areas are not scanned by lifeguard personnel at any time.
